We Launched a Brand New Website!

We're thrilled to announce that we upgraded our software systems to a new platform that will better manage all the cats we take in each year. Along with this upgrade, we launched a brand new website!

You can still find us at our usual address:
www.heavenlypawsshelter.com.

We're really excited about this change and hope you'll love the new website as much as we do!

Some of Our Kitties Can Use Your Help

We have had many cats who have needed surgeries this year so far and have three now that will be getting a dental and ear surgeries.

Sugar: This petite, friendly girl is about 1 year old and was recently spayed. She loves to snuggle and give head-butts and is an expert biscuit-maker! We just learned that she will need to have most or all of her teeth pulled due to dental disease. Despite being in pain, she's been so sweet and gentle, even during exams at the vet.

Charlie and Whiskey need TECA ear surgeries (Total Ear Canal Ablation removes the diseased ear canal and middle ear structures to treat severe ear infections (that have not responded with other treatments). They had their x-rays that were over \$1,000 combined on June 19th. Charlie needed both ears done and Whiskey is only getting one ear done. Cost is around \$2,000 per ear. Charlie had his ear surgery today, Whiskey has her ear surgery on July 1st.

We have a [Go Fund Me](#) up to try to raise \$8,000. We will keep posting updates in our Go Fund Me too. Please consider helping these three kitties out. We truly appreciate all donations we receive. Thank you very much for your support.
